DECISIONS

NEMO GOVERNANCE

- NEMO Committee re-confirmed Mr. Rafael Gomez Elvira as the NEMO Committee Chairman till September 2025.
- NEMO Committee remains active in cooperation with the EC in the update of CACM. Two meetings between EC and NEMO representatives were held in order to present NEMOs position on the expected content of the updated CACM.
- NEMO Committee welcomed MEPX/BELEN, Power Exchange from Montenegro, as a NEMO Committee Observer.
- NEMO Committee have discussed how to secure more efficient signatory process of contracts. In case the contract requires approval of local NRA, the overall signatory process will be triggered only once the NRAs' approval(s) have been provided.

MCO INTEGRATION PLAN

- NEMO Committee continued clarification with EC, ACER and EnC Secretariat about the submission of the MCO IP. In Joint Expert Team on Energy Community, EC representative informed NEMOs that the MCO IP can be submitted without any EnC NEMO being formally designated. EC shall provide the guidance also in written.
- In the meantime, NEMOs continue in finalisation of the MCO IP based on the current guidance from ACER.

JOINT GOVERNANCE

- The NEMO vote on the proposed decisions within the agenda of the MCSC meetings was pre-aligned by the All NEMOs Committee, which ensured the efficiency of the MCSC meetings.

CO-OPTIMISATION

- ACER has reached a decision on updated Algorithm methodology, that includes implementation of co-optimised balancing capacity. NEMOs and TSOs are continuing in preparing the co-optimisation R&D and also prepared an informal survey among market participants to gather their feedback related to co-optimisation. The survey is open till 5th November and a dedicated webinar is planned in October.

PRODUCT METHODOLOGIES

- ACER has reached a decision on SDAC Product methodology. NEMO Committee is finalising their proposal for an updated SIDC Product methodology, taking into account the updates made in SDAC Product methodology. Formal submission of the SIDC Product methodology to ACER is expected in October.

CACM ANNUAL REPORT, CACM COST REPORT AND CACM ANNUAL CONFERENCE

- NEMO Committee has published an updated CACM Annual Report for 2023, now with SDAC and SIDC scalability report included. A dedicated infographic has also been published.
- NEMO Committee has published the CACM Cost Report for 2023, including only-NEMO common costs, only-TSO common costs and joint NEMO-TSO common costs.
- NEMO Committee held the 2nd CACM Annual Conference on 20th September in Athens, with more than 100 participants.

PLANNING FOR 2025

- NEMO Committee triggered the work on Work Program for 2025 as well as Budget for 2025, the final decisions will be reached in NEMO Committee in October.
- The Work program has been consulted with ACER and NRAs and presented in the CACM PCG meeting on 26th September.
- NEMO Committee agreed the meetings for 2025, the planning has been agreed with MCSC as well as ENTSO-E.

EXTERNAL COMMUNICATION

- NEMO Committee has updated the NEMO Committee website in order to provide a comprehensible overview of currently valid Terms, Conditions and Methodologies. The glossary section has been updated too.
- NEMO Committee started publishing weekly IDA reports, in the SIDC section.
- NEMO Committee has published an updated Euphemia Public Description, with updates related to implementation of 15 min. MTU.
- June's MCCG meeting recording has been published in the NEMO Committee's YouTube channel.
