## Public consultation on Harmonized maximum and minimum clearing prices methodologies (HMMCP) for single day-ahead coupling and for single intraday coupling

All NEMOs have launched a joint consultation for the methodologies of Harmonized maximum and minimum clearing prices for single day-ahead coupling (SDAC) and for single intraday coupling (SIDC) in line with Article 12 of the CACM Regulation. The public consultation targets Market participants, TSOs and NRAs which can provide their responses via [the public consultation section on the NEMO Committee website](#)

The amendments proposed by NEMOs can be found in the respective Explanatory notes:

- [Explanatory note for HMMCP \(SDAC\)](#)
- [Explanatory note for HMMCP \(SIDC\)](#)

A dedicated workshop is to be held online during the period of the public consultation. More details will follow shortly.

The public consultation is open until 24 March 2025. Following this deadline, the responses will be reviewed and duly considered in the process of revising and proposing amendments to the HMMCP methodologies before sending them to ACER for review and approval.

### About All NEMO Committee:

The All NEMO Committee facilitates the cooperation among NEMOs for all common European tasks necessary for the efficient and secure design, implementation and operation of single day-ahead and intraday coupling. The All NEMO Committee is formed by the appointed representatives of each NEMO.
